(xi) There was a small decrease in the number of land sales—vide paragraph 26.

2. *Seasonal conditions*—(1) *South-west monsoon.*—The south-west monsoon commenced in time, i.e., in the first week of June 1946 and remained fairly active throughout the month causing heavy rainfall on the West Coast. Widespread thundershowers occurred in parts of the Peninsula during the second week of the month. The rainfall during the month was above normal in the East Godavari (Agency), Kistna, Guntur, Kurnool, Nellore, Chingleput, Malabar, South Kanara and the Nilgiris and below normal in the other districts of the Province. The monsoon continued to be active on the West Coast in July. Scattered thundershowers occurred in the Circars in the first fortnight in July 1946 and in parts of the Peninsula between the 21st and 27th. The rainfall during the month was above normal in Vizagapatam (Plains), East Godavari, Kistna, Guntur and South Arcot and below normal in the other districts of the Province. In August, the monsoon was generally active on the West Coast. Widespread thundershowers occurred in parts of the Province along the North Madras Coast between the 4th, 7th, 12th and 14th August. The rainfall during the month was normal in Vizagapatam (Plains), above normal in East Godavari, Kurnool, Bellary, Anantapur, Nellore, Malabar, South Kanara and the Nilgiris and below normal in the rest of the Province. The monsoon was generally feeble on the West Coast during September 1946. Scattered thundershowers fell in parts of the Province during the first and last weeks of the month. The rainfall in the month was above normal in Anantapur, Cuddapah, Chingleput, South Arcot, Chittoor, North Arcot, Salem,

Coimbatore, Madura, Ramnad and the Nilgiris and below normal in the other districts of the Province. As a result of insufficient rainfall during the month, paddy and dry crops in parts of East Godavari were affected to some extent. Over the whole period of the south-west monsoon (June to September 1946) the rainfall was normal in North Arcot, above normal in East Godavari (Agency), Nellore, Chingleput, Salem, Coimbatore, Malabar, South Kanara and the Nilgiris and below normal in the other districts of the Province.

Freshes came down the main rivers in time and continued steady and generally sufficient for agricultural operations.

Sowings of the early dry crops were below the average in the Circars, the Deccan, the Central and the Southern districts and above the average in the Carnatic and the West Coast districts. Sowings of early wet crops were above the average in the Circars and below the average in the Deccan, the Carnatic, the Central, the Southern and the West Coast districts.

The condition of the standing crops was generally satisfactory except in parts of Bellary and East Godavari where the crops were affected by drought in September 1946.

(2) *North-east monsoon.*—Weather was unsettled in the West Central Bay in the first week of October 1946. Thundershowers occurred during first fortnight of the month in parts of the Peninsula. Associated with a depression which formed in the Bay during the third week of the month, wide spread rainfall occurred in parts of the Circars and the Carnatic. The rainfall during the month was almost normal in Chittoor, above normal in Salem, Madura and Tinnevelly and below normal in the other districts of the Province. The rains in October were generally beneficial to the crops. The monsoon was generally active in November 1946. A depression formed in the Bay on the 7th, intensified into a cyclonic storm and crossed the Circars coast on the 9th, causing locally heavy rainfall between the 7th and 10th. Widespread rainfall also occurred in practically the whole of the Province during the period. There was a fresh outburst of the monsoon over the whole region during the middle of November. Thundershowers occurred in parts of the Peninsula during the last two weeks of November. The rainfall during the month was below the normal in Vizagapatam (Plains) and above normal, in the other districts of the Province. On account of the excessive rains in November, a large extent of paddy was submerged under water in Guntur. Dry crops in parts of Kistna, Guntur and the Deccan were also affected by the heavy rains. The monsoon strengthened in the first week of December resulting in locally heavy rainfall in Guntur, Cuddapah, the Carnatic and parts of the Central districts Scattered thundershowers occurred in parts of the Carnatic and the South Peninsula during the next two weeks. There was practically little or no rainfall during the last week of December. The rainfall during the month was normal in Guntur, Bellary, below the normal in Kistna and above the normal in all the other districts of the Province, except Vizagapatam (Plains), East Godavari and West Godavari where there was no rainfall during the month. Continuous wet weather and heavy rains caused floods in the rivers in Cuddapah, the Carnatic, Chittoor and Trichinopoly districts during the period 4th to 7th December. A number of tanks and other irrigation works in these districts breached. Molagolukulu paddy in parts of Nellore district and Kuruvai paddy in parts of Kulittalai taluk in Trichinopoly district were submerged.

Paddy and dry crops in parts of Cuddapah, Chingleput, South Arcot and North Arcot were also damaged. Agricultural operations were almost at a standstill during the first week of December in the above districts. The weather was generally dry in January 1947 except for a few local showers in parts of the Carnatic and Tanjore during the first and last weeks of the month. Over the whole period of the north-east monsoon (October 1946 to January 1947) the rainfall was normal in East Godavari (Agency), and West Godavari, below normal in Vizagapatam (Plains) and East Godavari (Plains) and above normal in all the other districts of the Province.

Sowings of the late crops were below the average in the Central, Southern and West Coast districts and above the average in the Circars. In the Deccan and the Carnatic, sowings of late wet crops were above the average while the sowings of late dry crops were below the average.

The condition of the standing crops was generally satisfactory except in parts of Cuddapah, the Carnatic and the Central districts where the crops were affected by heavy rains in November and December 1946.

(3) There was practically no rainfall in February 1947 except for a few local showers between the 16th and 22nd in parts of the southern districts and the Nilgiris. Scattered thundershowers fell in the South Peninsula between the 1st and 15th and 23rd and 29th March. There was little or no rainfall in the month in the Circars, the Deccan and Nellore and it was normal in North Arcot, below normal in Chingleput and Chittoor and above the normal elsewhere. Thunderstorm activity was pronounced in the southern districts, the West Coast and the Nilgiris during the first half of April 1947. Locally heavy rains occurred in these regions between the 12th and 15th resulting in some damage to standing crops in parts of Salem, Tinnevelly, Malabar and the Nilgiris. The weather was generally dry during the rest of the month. The rainfall during the month was normal or almost normal in East Godavari (Plains), Kurnool, Chingleput, North Arcot, above the normal in Coimbatore, Trichinopoly, Tanjore, Madura, Ramnad, Tinnevelly, Malabar, South Kanara and the Nilgiris, and below normal in the other districts of the Province. Scattered thundershowers occurred in parts of the peninsula on the 10th and 11th and between the 16th and 20th May 1947. The rainfall during the month was below normal in all the districts of the Province.

(4) On the whole, the season was generally fair during the year under review in the Province except in parts of the Deccan.

Relief of unemployment in the affected parts of Bellary and Anantapur districts and in the Rapur taluk of the Nellore district was continued in this fasli. At the end of October 1946 there were 57 works in Anantapur and 27 in Bellary. The largest number of persons engaged on the works per day was 6,855 in Anantapur and 4,511 in Bellary. By the beginning of September, the situation had eased and all the works in Nellore were closed before the end of that month while the works in Bellary and Anantapur districts were closed by the end of November 1946. Gratuitous relief both in the shape of grain and cash was distributed to the infirm and decrepit in the affected areas in Bellary and Anantapur districts. A sum of Rs. 21,000 was sanctioned from the Indian People's Famine Trust Fund for the purchase and distribution of clothes in the affected areas of Bellary and Anantapur.

(5) Remission of land revenue during the fasli under review was appreciably less than in the previous fasli in most districts. The land

revenue remitted in the year amounted to Rs. 71,461 in Vizagapatam, Rs. 1,04,928 in East Godavari, Rs 69,160 in West Godavari, Rs. 78,424, in Guntur, Rs. 1,02,550 in Anantapur, Rs. 31,645 in Tanjore and in Ramnad Rs. 22,840. In view of the adverse seasonal conditions, graded remission of assessment on dry land was granted up to 25 per cent in 7 villages in Adoni taluk and 2 villages in Alur taluk in Bellary district and up to 75 per cent in 3 villages in Kurnool taluk. Collection of kists in the above cases was also postponed to the next fasli.

In addition to the above concessions, the temporary reduction of water-cess in East Godavari, West Godavari, Kistna and the deltaic tracts of Guntur was continued during fasli 1356 also.

(6) Stocks of fodder were generally sufficient. The Fodder depots opened in the previous fasli in the districts of Bellary, Anantapur and Nellore to meet the fodder demand were continued. There were 26 Government depots in Anantapur and 7 in Bellary where fodder was sold to the ryots at subsidized rate of Rs. 24 per ton as against the market rate of Rs. 65 per ton. In Nellore three fodder depots were opened where fodder was sold at cost price. As a result of the rains in September and October 1946 the demand for fodder fell considerably and all the depots were closed one after another by the end of September 1946.

3. *Number of ryotwari villages.*—The total number of ryotwari villages in the Province was the same as in the previous fasli (21,101).

4. *Sources of land revenue.*—The land revenue of the Province is derived from the following sources :—

The increase of 9,898 acres in Madura district was due to permanent assignments of dry lands to Madras Tea Estate Company, Limited, and that of 3,154 acres in Malabar due to the transfers of unoccupied lands to occupied and of poramboke lands to assessed. The increase in the other districts was mainly due to fresh assignments and resumption of inams.

	RS.	RS.
Cesses in permanently settled estates ..	36,34,432	41,55,582

Total ..	2,03,64,459	2,04,87,911

16. *Demand, collection and balance of land revenue and cesses (current).*—The current demand under land revenue and cesses during the fasli was Rs. 10,60,77,588. A sum of Rs. 10,41,98,287 or 98·2 per cent was collected within the fasli and Rs. 3,40,740 or 0·32 per cent written off the accounts. The collection of a sum of Rs. 7,600 was suspended or postponed. The percentage of collection to the collectable demand was therefore 98·5. The percentage of

collection to demand during the previous fasli was 97·6, that written off was 0·35 and the percentage of collection to the collectable demand was 97·96. There was an improvement in collection work during fasli 1356 as hoped for by Government in their review of the jamabandi report for fasli 1355 in G.O. No 1109, Revenue, dated 9th May 1947. The land revenue concessions for fasli 1356 have been dealt with in paragraph 11 (iv) above.

17. *Demand and collection of arrears.*—The total arrear demand under all the heads amounted to Rs. 21,75,906. A sum of Rs. 19,33,776 or 88·8 per cent was collected and a sum of Rs. 28,506 or 1·3 per cent was written off the accounts. The percentage of collection in the previous fasli was 72·76 and that written off was 11·63. There was an improvement of collection work during the fasli.

18. *Balance.*—The balance outstanding at the end of the fasli including both arrears and current was Rs. 17,52,185 against Rs. 21,73,112 at the end of the previous fasli. As reported by the Collectors in their demand, collection and balance statements for September 1947, the balance at the beginning of fasli 1357 was Rs. 16,30,549. Up to the end of September 1947, a sum of Rs. 7,62,861 was collected and Rs. 11,775 were written off the accounts. A sum of Rs. 9,717 was collected or adjusted after the close of the treasury month. The net recoverable balance on 1st October 1947 was thus Rs. 8,46,196. Out of this amount a sum of Rs. 1,72,703 was covered by orders of suspension or postponement in the Presidency. Deducting this amount, the realizable balance on 1st October 1947 was Rs. 6,73,493.

19. *Adjustment to local boards of cesses collected during the fasli.*—Land revenue and cesses are collected together and the distribution of the total collections between land revenue and cesses is effected in the Collector's office after the compilation of the accounts relating to the fasli year.

The statements showing the amount collected during the fasli 1356 on behalf of the local boards, the payments made to them during the fasli and the amount to be finally adjusted either to their credit or debit, are received from Collectors. After verification by the Accountant-General of the amounts shown by Collectors as payments made to local boards the recovery of overpayments is being watched by the Board in accordance with the instructions contained in paragraph (3) of G.O. No. 5197, Local and Municipal, dated 7th December 1926.

20. *Charges debitable to land revenue.*—The charges in the Land Revenue department are shown in the accounts under the head "25. General Administration—District Administration and Miscellaneous." The district administration charges excluding village establishments amounted to Rs. 185·48 lakhs during fasli 1356 The village service charges including those of proprietary estates during the fasli were Rs. 237·47 lakhs. The total charges amounted to Rs. 422·95 lakhs or 40·59 per cent of the total revenue and cess collected.

It has however to be borne in mind that the expenditure does not represent merely the cost of collecting the land revenue. The Land Revenue department performs multifarious duties of which the control and collection of land revenue is one. The village establishment in particular is the servant of all departments of the Government. Moreover a considerable portion of the time of the Collector and his subordinate officers is occupied with magisterial work, civil supplies work, and many post-war

problems. While the actual cost of collecting the land revenue cannot be estimated with any degree of accuracy it is certainly far less than the amount of expenditure shown above.

There was an increase of 0·19 per cent in respect of real property.

The percentage of attachment to the total number of demand notices.—

Fasli.	Personal property.	Real property.	Total.

25. *Sale notices.*—Out of 13,009 defaulters whose properties were attached 99 per cent paid up the arrears before sale notices were issued. The position in fasli 1355 was also the same. The number of notices of sale were large in Tanjore (1,085) and Malabar (761).

26. *Sales.*—The number of defaulters whose properties were sold in the fasli was less than in fasli 1355 by 5. The percentage of the number of defaulters whose properties were sold to the total number of holdings was 0·0011 as against 0·0012 in fasli 1355.

Value of lands sold.—Immovable property of the estimated value of Rs. 6,941 was sold for the recovery of Rs. 744. The estimated value of lands sold was disproportionate to the amount of arrears in some of the districts. The prices fetched for lands sold to private individuals amounted on the average to eleven times the assessment in the case of dry lands and about eighteen times the assessment in the case of wet lands. The number of processes served by the special agency (5,187) was more than that in the previous fasli by 222.

28. *Civil suits.*—A sum of Rs. 42,967-3-7 was awarded to Government as costs during the fasli. Including the revised opening balance the total demand was Rs. 1,01,833-9-0 of which Rs. 48,564-9-10 was collected and Rs. 10,476-13-10 written off the accounts. Ms. No. 95 (S), Revenue, dated 11th August 1942.

34. *Loans—Demand, collection and balance (principal).*—Including the uncollected balance at the end of the previous year, the amount repayable during the year on account of principal under both the Land Improvement Loans and Agriculturists' Loans Acts was Rs. 69·66 lakhs as against Rs. 28·56 lakhs in the preceding year. Of this amount a sum of Rs. 41·68 lakhs (i.e., about 59 per cent) was collected. The percentage of collection compares unfavourably with that for fasli 1355 (71 per cent). A sum of Rs. 11·67 lakhs was repaid by the borrowers on account of loans, the repayment of which had not fallen due, while a sum of Rs. 0·012 lakhs was written off as irrecoverable.

37. *Enhanced water-cess on irregular irrigation.*—The system of publishing a general or collective notice in each village with reference to B.P. No. 58, Settlement, dated 10th April 1919, is reported to have worked satisfactorily.

The ryots were well aware of the rules and made representations in time to the jamabandi officers which resulted in prompt investigation of objections, and reduction in the number of water-rate appeals.

38. *Cultivation of tank-bed lands.*—As a result of the concessions under the Grow More Food Scheme, there was considerable increase in the cultivation of tank-bed lands. Cases of objectionable cultivation were dealt with under the provisions of the Madras Land Encroachment Act.

42. *Minor irrigation.*—Statement No. 19 shows for each district the number of minor irrigation works in charge of the Revenue department, the number repaired, and the amount spent on them during the official year ending 31st March 1947. The statement also shows the number of minor irrigation works proposed for repairs during the official year ending 31st March 1948.

43. *Ryots' conferences.*—Ryots' conferences were held by Collectors in all the districts except in Bellary, Chingleput, Coimbatore, Madura and Malabar to hear the ryots' grievances personally. These conferences also enabled the ryots to come into personal contact with the officers who explained to them the various aspects of Government policy.

44. *Extent to which the inspection of subordinate offices has been carried out.*—Subordinate offices in all districts except West Godavari were inspected by the Collectors and Revenue Divisional Officers. The Board permitted the postponement of the inspection of the subordinate offices in West Godavari district till March 1948 on account of procurement work and the disturbances in the district on the borders of the Nizam's State. The Collector's inspection of the Revenue Divisional Officers' offices was generally thorough. The Board examined the Collector's notes of inspection of the Revenue Divisional Officers' offices and issued suitable instructions.

During the fasli, the members of the Board of Revenue inspected the Collectors' offices in the following 13 districts with reference to the instructions in G.O. Ms. No. 2086, Revenue, dated 17th September 1942, and G.O. Ms. No. 2954, Revenue, dated 2nd November 1943, and found that the administration of the districts continued to be efficient:—

45. *Administration of charitable and religious service inams.*—In their Memorandum No. 1346F/46-2, dated 29th May 1946, the Government ordered that the suspension of certain items of work should continue till 13th June 1947 (end of Fasli 1356). In pursuance of this order, the periodical statements showing the religious and charitable inams resumed during the year were not submitted by the Collectors, along with the present jamabandi reports for fasli 1356, i.e., the year ending 30th June 1947.

G.O. No. 1725, 21st July 1948

Administration Report—Jamabandi report—Fasli 1356 (1946-47)—Recorded.

Read the following paper :—

Proceedings of the Board of Revenue, No. 3 Press, dated 3rd February 1948.

Order—No. 1725, Revenue, dated 21st July 1948.

Recorded.

2 We Govt consider that while there has been a slight improvement in the collection of land revenue and cesses, as compared with the previous Fasli, it is not yet so satisfactory as to allow any relaxation of efforts for collection. There is also scope for improvement in the collection of principle and interest on loans advanced under the Land Improvement loans Act and the Agricultural loans Act.
